

# PISTON ASSIST E-ARM

## A NEW STANDARD IN MONITOR ARMS

### Easily position your panel display for maximum comfort and productivity

The new Evans Piston Assist E-Arm has been engineered to allow quick and easy adjustments to monitor positions while still supporting the increasingly larger screen requirements in today's mission critical operations. The Piston Assist E-Arm's flexible design allows for unlimited monitor combination without hindering its sheer capacity for monitor support. The Piston Assist E-Arm is flexible enough to adapt to a user's unique requirements and locks into position until the user needs a change. E-Arm offers quick-mount and quick-release technology for easy installation and removal that doesn't sacrifice strength and flexibility.

The new Piston Assist E-Arm is designed with strength, flexibility and durability complimented with unparalleled ease of use.

### THE EVANS ADVANTAGE

Over **30 years** of manufacturing experience

Equalling over **9000 successful** installations worldwide

Rich and Diverse **Fortune 500** client list

Government Agencies, Oil & Gas, Airports, Air Traffic Control, Chemical Plants, Military **and More**

## ADJUST EASILY AND OFTEN

The Piston Assist E-Arm has been designed to adapt to the unique demands of our partners. Larger, heavier monitors have exceeded the capability of standard monitor arms. Piston Assist E-Arm not only meets those demands, but also allows for quick and easy changes to position, without tools and without strain.

Universal monitor mount with quick clip adapter locks in place for fast and easy installation and removal.

Mount arms above *and* below the slatwall mount for added balance and stability.

Load capacity:	20 lbs (9.1 KG)	Vert. Adjustment:	Available
Extension:	Up to 22.05" (560mm)	Hight Adjustment:	11.81" (300mm)
Mount displays size:	from 12" to 24" (304-610mm)	Rotate Adjustment:	360° at pivot
Monitor pan radius	180°	Mounting standards:	VESA 75/100
Tilt adjustment:	flat panel tilt +/-90°		

GREENGUARD, the most familiar product certification is a globally recognized leader in indoor air quality, and has been certifying products since 2001. GREENGUARD is an independent third party certification program that certifies products for low non-toxic emissions. Evans furniture is manufactured using recycled and low VOC/formaldehyde emitting materials that help our customers meet and exceed environmental standards in their projects. Evans products can offer points towards LEED Certification of your facility.

Evans has achieved ISO 9001 ensuring that the company meets a consistent quality standard for our control center designs, products and servicing
